BULLETIN
London, Nov. 20.—Alexandra, dowager queen of Great Britain, is dead.

The well beloved queen mother, widow of the late King Edward, died at her country home at Sandringham, where she has been in retirement for more than a year due to ill health.

Queen Alexandra died at 5:25 this afternoon. The announcement of her death was made half an hour later.

Queen Alexandra, who would have been 81 had she lived until Dec. 1, suffered a heart attack at noon yesterday and though she made a brave fight for life, her age was against her and she was not able to survive the attack.

Until Thursday the queen mother had been improving in health and was out motoring on Wednesday and actively making plans for a reunion of her family on the occasion of her birthday.

The royal family of Great Britain was at the bedside of the queen mother when death came.

King George and Queen Mary had been constantly with the dying queen since morning. The Princess Royal arrived from London during the early afternoon. The Queen of Norway, daughter of Queen Alexandra, has been staying at her Sandringham residence and was hastily summoned to the sick room during the early afternoon. The Prince of Wales and the Duke and Duchess of York also went down from London.

London, Nov. 20.—Great Britain's royal family gathered at the Sandringham residence of the Dowager Queen Alexandra today, momentarily expecting her death.

An official communique issued at 2 o'clock this afternoon stated that Queen Alexandra is sinking rapidly.

Though the queen mother has shown remarkable resistance against the effects of the heart attack which she suffered yesterday, it is admitted that only the slightest hopes are held out for her recovery and death seems to be but a matter of hours.

EXTRA CLERK FOR SALEM POST OFFICE

Mrs. Ernst Is Assigned To
Duty As Clerk On Ex-
ecutive Order

Upon an executive order issued by President Coolidge, authorizing the waiving of time limitations for reinstatement in the postal service in her case, Mrs. Margaret Pow Ernst today was assigned to duty as a clerk in the Salem postoffice.

The order, received by Postmaster Frank J. Eckstein from John H. Bartlett, first assistant postmaster general, is given in view of Mrs. Ernst's previous satisfactory service of 12 years in the postoffice.

This means that the postoffice has an extra clerk to relieve the burden of increasing business. For a long time an effort has been made to have this office force increased, and this order means that the work of the clerks, who have been carrying a great burden will be lightened and that service to the public may be improved.

An increase in the carrier force also has been sought for some time without effect, but another request will be made, it is understood, inasmuch as some residents in the outlying sections of the city are not receiving their mail by carrier service.

John Oliphant, Civil War Veteran, Is Dead

Retired Merchant, Aged 86,
Became Lieutenant In
The Civil War.

Death at 1:30 a. m. Friday claimed the life of John R. Oliphant, one of Salem's most prominent retired merchants and a Civil War veteran, at his home, 73 Lincoln ave.

Mr. Oliphant was 86 years of age on June 11. He had been in failing health for about a year and for the week preceding his death he had been confined to his bed. The infirmities of age caused his death.

Born near Salem he came here about 65 years ago. He was engaged in business here for a number of years. When the Civil War broke out Mr. Oliphant enlisted in Co. D, 34th Ohio Volunteer Infantry in 1862. Leaving Salem with his company, he was among the 200,000 men asked for in President Lincoln's second call.

One year of enlistment found him in the thick of battle and he re-enlisted in the service in the 143rd O. V. I. In this second year of service Mr. Oliphant distinguished himself in the ranks and for his bravery was made a second lieutenant. He saw active service in the campaigns along the James and Potomac rivers. In 1864 he received his honorable discharge at Camp Chase, Columbus.

The death of Mrs. Oliphant about a year ago was a blow from which

JOHN R. OLIPHANT
Mr. Oliphant did not recover. His immediate survivors are a son, Harry, in Bridgeport, Conn., and a daughter, Miss Lavina, of New York city. They are expected to arrive here late today or Saturday to complete the funeral arrangements.

Mr. Oliphant was a member of Trevelock post, G. A. R., and of the First Presbyterian church.

ROGERS UNDER BIG BOND, JOINS PALS IN COUNTY PRISON

Chief Thompson Preparing
Evidence In Robberies
For Grand Jury.

Deputy sheriffs from Lisbon Friday will take Charles Rogers, the fourth alleged member of the gang of bandits now in custody, to the county jail where, with the other three members of the gang, he will await the action of the grand jury on charges of highway robbery.

Rogers, pleaded not guilty at a preliminary hearing before Mayor George E. Russell late Thursday. The mayor set Rogers' bond at \$11,000, which he was unable to furnish. He was put back in a cell in city jail until the county officers appear to take him to the county jail.

Rogers' bond is identical with that of Shelby Carlisle, alleged head of the gang, and Harold Thompson. The other accused gangster, Chalmers Votaw, is being held under \$9,000 bonds. The bonds of the four aggregate \$42,000, which sets a precedent in the county.

Prepares Evidence
Evidence concerning robberies, holdups and petty thefts charged against this gang is being prepared by Chief of Police T. W. Thompson. The mass of evidence will fill a good sized book and constitutes the records of what the police regard as the most dangerous band of outlaws to operate in the county in years.

There is still much property, stolen by the bandits, to be identified at police headquarters. The goods, found in the cache of loot in the Carlisle home, Pershing ave., will not be given to the owners until after submission as evidence to the grand jury. A record is made of all goods identified.

How the gang managed to make way with entire flocks of chickens without noise is what has mystified the police and also the owners of the birds. Thompson told Chief of Police Carlisle that hardly a chicken made a noise, and that each was grabbed firmly by the neck, its neck twisted to one side so that no squeals could be heard, and then thrust into a bag. The chickens would be disposed of the following day in Youngstown markets.

KIWANIS MEET AT PERRY GRANGE

Salem Kiwanians and their wives enjoyed a dinner and program at Perry grange hall Thursday night. It was an entertainment arranged by the agricultural committee of the club, and proved to be an enjoyable one. The dinner was served by women of the grange.

B. L. Flick, a member of the committee in charge, addressed the gathering on the subject of banking, with special emphasis on the Federal Reserve system.

Next week's meeting will be held Wednesday noon instead of Thursday due to the fact that Thursday is a holiday. The program has not been arranged.

Order Bullet-Proof Shields To Protect Police From Gunmen

Chicago, Nov. 20.—Chicago's bad men have been shooting so many policemen that in the future officers who go after the gunmen will fight their way from behind bulletproof shields.

Superintendent of Police Morgan Collins today ordered 10 of the shields from a New York firm and one will be furnished to each detective zone squad. Each shield is about five feet high and three feet wide, with a hole cut through near the top for observation and shooting.

WOMAN IS CHARGED WITH SHOPLIFTING

Alliance Woman Arrested
Here Goods Found
In Handbag.

The police this afternoon are holding Armentia Bates of Alliance, on charges of larceny. She was arrested outside the Murphy 5 and 10 cent store this noon for shoplifting.

In her handbag was found, according to the police a quantity of yard goods and other merchandise, said to be the property of the Springfield, Mass., Co., and assorted pieces of merchandise of the Murphy store.

Chief of Police T. W. Thompson and Patrolman Paul Heckert drove to the woman's home and searched it but found no more goods. The woman claims this is her first attempt at shoplifting.

Clerks of the Murphy store are given credit for spotting the woman as she was putting some things she picked off the counter into her large handbag.

Miss Bates will be given a hearing before Mayor George E. Russell Friday night.

Convicts Saw Way Thru Prison Roof

Wheeling, W. Va., Nov. 20.—Harry Sowers, serving five years for burglary, one of the convicts to saw their way through the roof of the state prison at Moundsville last night, was returned to that institution this morning, after being recaptured at Roby's Rock.

Today armed guards are searching for the remaining two fugitives, and for four other prisoners who escaped earlier in the week.

BEER BRIGADE IS REORGANIZED TO CHANGE DRY LAW

Pennsylvania Wets to Get
Behind Candidates Who
Support Program

Pittsburg, Nov. 20.—Under the dome of the nation's capital following the next assembly of congress will be reorganized the "beer brigade" which last year consisted of 50 congressmen who called themselves the committee for the modification of the Volstead act.

Meanwhile, in Pennsylvania the association against the prohibition amendment will seek to elect a governor in 1926 who will favor their program, and from the spirit evidenced by members of the association today after Rep. John Phillip Hill, of Maryland, addressed them as a body here, they will back no candidate for congress who does not assert himself in line with their proposals.

Rep. Hill achieved notoriety a few months ago when he manufactured wine from Maryland grapes and invited prohibition commissioner, Roy Haynes and his aides to a "party" and challenged indictment in order to test the Volstead statute's definition of "intoxicating liquors."

He declared that the "beer brigade" next year will work out a bill after consultation with the American Federation of Labor and according to the policies of the Anti-Prohibition Association and present it to the house.

The bill will carry two sections. One will provide that each state shall itself define the meaning of the words "intoxicating liquor" and shall enforce its own laws on the subject within its limits.

The other will provide a punishment by fine or imprisonment, or both, for any person who transports "intoxicating liquors" into any state, according to the state's own definition of intoxicating liquor.

FOLEY FREED OF WIDOW'S CHARGE

Court Rules Foley Didn't
Attempt to Influence
Mrs. Lansdowne.

Washington, Nov. 20.—Captain Paul Foley today was given official exoneration by the Shenandoah court of inquiry in the charges of attempting to influence the testimony of Mrs. Margaret Ross Lansdowne, widow of the commander of the destroyer that crashed in Cinc. with a loss of 11 lives.

The decision was regarded as a direct blow at the wid. who told both the navy tribunal and the Col. William Mitchell court martial that Foley sought to "twist the facts" in her testimony.

The court held that Foley, as its former judge advocate, was required by navy regulations to visit Mrs. Lansdowne when she took the stand to determine whether her testimony would be germane.

Secretary of the Navy Wilbur probably will ignore the demand of Joseph E. Davies, counsel for Mrs. Lansdowne, that the Shenandoah court be discharged because attempts had been made to influence the widow's testimony, it was indicated at the navy department today.

ABLE MEN DRIVEN OUT OF POLITICS, ASSERTS KNIGHT

Rejection of Candidates
With Flowery Platitudes Is Remedy.

MORE FREEDOM IN BUSINESS NEEDED

Akron Man Says Regulation
Is Driving Business
Into Bankruptcy.

Zanesville, O., Nov. 20.—"The greatest work before us as citizens is to make a last effort to repudiate the two parties (Republican and Democratic) to those principles which might remove from us every agency or activity of government which is not necessary to transact strictly public business in the simplest and most inexpensive way," Charles L. Knight of Akron, publisher of the Beacon-Journal, and regarded as a probable candidate for the Republican gubernatorial nomination, told the Brotherhood of the Central Presbyterian church here last night.

Really able men in the state are being driven out of politics, Knight said, by candidates who have subscribed to every ism and fad. Rejection at the primaries and elections of candidates whose platforms consist of flowery platitudes was the remedy for this condition he declared.

Disclaiming any personal ambition, Knight pointed out some of the evils in government in Ohio as he viewed them today. He declared that powerful groups and blocs have not been satisfied to rectify their contentions upon argument but have sought to impose a reign of terror to the end that the public welfare is neglected.

Knowledge Sidetracked
Men of first rate abilities now feel Knight continued, "that if we have reached the point where their useful knowledge of taxation or of administration cannot be given to the state unless they are willing to swear a slavish fealty to the ideals of Westerville or subscribe to the idea that the P. H. of Rome is packing his grip for Baltimore, or that both the open and the closed shop are slavery, the people and the state can take the job and go to the devil with it."

In these days, he said, if candidates "know anything their first care is to conceal that fact," and as a result they all swarm out under the "banner of economy and efficiency."

Tax burdens, in less than a decade, Knight continued, had mounted in Ohio from \$6 per person to more than \$100 per person.

MAY EXCUSE PUPIL DURING CATECHISM

Attorney General Crabbe
Gives This and Other
Important Rulings

Columbus, Nov. 20.—Boards of education may authorize excuse of children from school one hour each week for the purpose of attending catechism at church until such a time as contrary, or conflicting rules or regulations are promulgated by the state department of education. Attorney General Crabbe today held in an opinion given Prosecuting Attorney George A. Meekison, Henry county.

In a ruling to Director of Commerce Leach, Crabbe held that the state commissioner of securities is not authorized to accept a blanket bond for a definite number of agents of dealers in securities. A separate bond must be furnished for each agent, the attorney-general said.

County commissioners cannot legally approve and pay a claim for general expenses presented by the administrator of a decedent who died from hydrophobia, resulting from a bite of a dog, afflicted with rabies, Crabbe held in an opinion given Prosecuting Attorney Stanley E. Mote, Darke county.

Boys In Suicide Pact Because "Living Isn't Worth Effort"

Cincinnati, Nov. 20.—Because "this life of a human being is not worth the effort which must be put forth to maintain it," one Walnut Hills High school student, William Strauss, 15, was dead today, and his chum, Albert J. Rosenberg, 15, is dying, the outcome of a suicide pact, partly carried out last night.

"We do not believe in any more effort," a postscript to the note found by men who took Rosenberg to a hospital, said. "In our last moments we believe we are sane."

"Whereas," read the body of the note, "we the undersigned do not consider the living of this life of a human being worth all the effort we must put forth to sustain it, and whereas we do not want to die a slow death of starvation or of exposure, we hereby agree to follow out the provisions of our covenant and although we know

Democrat Wants Coolidge to Have Dictator's Power

Rep. Martin L. Dacey, Ohio Democrat, is preparing to introduce in congress a bill giving President Coolidge dictatorial powers to reorganize the executive departments, eliminate duplication, reduce personnel and effect the saving of \$50,000,000 a year it is estimated the change would make possible.

KIP'S ANNULMENT TRIAL ADJOURNED; HINT SETTLEMENT

Attorneys For Both Sides
In Conference Since
Recess Yesterday.

White Plains, N. Y., Nov. 20.—The marriage annulment trial of Leonard Kip Rhinelander against Beatrice Jones Rhinelander was suddenly adjourned by Justice Morschauer today until Monday morning at 10 o'clock.

The attorneys for both sides have been in a series of conferences since yesterday's court recess.

With a rumor floating through the packed courtroom that an agreement to "settle the suit" was being considered, convening of court was postponed while attorneys and the judge engaged in a "conversation" in Judge Morschauer's chambers for 20 minutes.

At different intervals Justice Morschauer, Lee Parsons Davis, counsel for Mrs. Rhinelander, and Mills emerged.

Court was then convened as the spectators sensed a "crisis."

"An emergency arose yesterday afternoon," said Mills, addressing the court, "concerning which I had not the slightest intimation. Mr. Jacobs (Mills' associate counsel) and myself have made diligent inquiry but failed to gain the necessary knowledge."

The sudden interruption of proceedings in the middle of the introduction of a live witness which was allowed to young Rhinelander, the nature of the startling hints had been thrown out, gave rise to the belief that the case would terminate abruptly.

Peggy Joyce Denies She Seeks Divorce

New York, Nov. 20.—Peggy Joyce, Morner isn't going to divorce her latest husband, Count Costa Morner, says having her name linked with that of the Marquis de Mole and has not acquired any new love affairs or jewels.

She said so, emphatically to the half hundred reporters and photographers who climbed up the side of the Metropolitan at quarantine today, after an uneventful voyage from Cherbourg.

That the feeble-minded who call themselves American citizens will call us insane, we agree to shoot ourselves. Our last wish is that we be executed."

The pact was carried out on a country road near Cincinnati. Farmers were attracted to the scene by the howling of a dog. They found Rosenberg with a bullet wound in his head. Coolidge directed the searchers to a ditch where the dead body of Strauss was found.

Strauss was the son of Morris Strauss, vice president of the Washington Mortgage company. Rosenberg's father is a member of the firm of L. Rosenberg & Sons, owners of a women's store here.

GREAT RECEPTION GIVEN PRESIDENT IN N. YORK SPEECH

World Court Endorsement
Renewed In Addressing
Business Leaders

URGES SOUNDNESS IN FOREIGN LOANS

Coolidge Back In Capital
Preparing His Mes-
sage to Congress

Washington, Nov. 20.—Having assured organized business that, irrespective of its size, it has nothing to fear from his administration so long as it travels along the road of public service, President Coolidge returned to the capital today and started winding up the most important address of the year—his annual message to congress on the state of the nation.

The president came back from New York well pleased with his trip. His audience of more than a thousand leaders of so-called "big business" gave him an enthusiastic reception and warmly applauded his pledge to keep the government out of business as long as business keeps out of the government.

"The present generation of business has shown every disposition to correct its own abuses with as little intervention of the government as possible," said Mr. Coolidge. This compliment to the direct heads of great industries in his audience was enormously applauded.

Endorses World Court
Mr. Coolidge purposely refrained from any extended review of national or international questions in his address, referring to reserve this for communication to congress two weeks hence.

He did, however, renew his endorsement of the world court, pointing out that the rapid expansion of American financial interests abroad constitute "accumulating reasons for our adherence to the permanent court of international justice."

To the scores of bankers in his audience, the president delivered a message of commendation and of warning. He commended their willingness to send American capital abroad, characterizing this as one of America's greatest contributions to the restoration of Europe, but he coupled with it a warning to them against the indiscriminate lending of money to borrowers who do not wish to use it for constructive purposes.

Concerning foreign loans, the president said:

Foreign Loans
"If rightly directed, they ought to be of benefit to both borrower and lender."

"If used to establish industry and support commerce abroad, through adding to the wealth and productivity of those countries, they create their own security and increase consumptive power to the probable advantage of American trade."

"But when used in ways that are not productive, like the maintenance of great military establishments or to meet municipal expenditures which should either be eliminated by government economy or supplied by taxation, they do not appear to serve a useful purpose and ought to be discouraged."

"Our bankers have a great deal of responsibility in relation to the soundness of these loans when they undertake to invest the savings of our country abroad."

While the president, of course, mentioned no names, most of the bankers interpreted this as an indirect thrust at France, which is maintaining the largest military establishment in Europe, while American states and municipalities are trying to effect extensive loans from American, English and Swiss bankers.

As a result work was started on the present building this summer. It fronts on East High st. and is of fireproof construction, with a four wheel front. A filling station has been built in connection with the garage.

In addition to the Chrysler automobile, Mr. Smith will have a line of Freshman radio equipment.

THANKSGIVING PARDONS

There has been much more than the usual amount of crime in Massa- chusetts during the past year, many offenses having been bold and start- ling. Because criminals have been daring Gov. Fuller has decided to issue no Thanksgiving pardon this year. The custom has been in vogue about 50 years, has been approved by penologists because it offers an in- ducement for right conduct on the part of prisoners. Gov. Fuller takes the position that, when criminals dare much and offend greatly, society may properly withhold consideration. He is so firm in that belief he has cast aside that established custom.

A different view of a similar situa- tion appears to be held by Gov. Mir- iam Ferguson of Texas, who is re- ported to have a list of 100 prisoners who are to be given pardons on Thanksgiving day as a display of ex- ecutive consideration. She has not made that announcement but it came from a semi-official source and is taken as reliable to the people there.

There are two views of a situation. Doubtless Gov. Fuller is entirely hon- est and sincere in his position. There is no reason to question the honesty or sincerity of the first woman gov- ernor in the history of the country. But it is possible to believe both are entirely wrong in the conclusions reached. News from Boston is that more than 50 men had been consid- ered as possibilities for the Thanks- giving pardon by prison officials. Out of that list it would be possible, un- less Massachusetts is entirely differ- ent from all other states, to select one man whose release in no wise would harm the state and whose free- dom would be used properly. Unless Texas is wholly different from all other states, there are not 100 men in her state prison worthy of pardon by the governor. That would be par- ticularly true after more than 900 had been released by the governor in the course of the year. In any prison the pardon eligible list is limited and can be exhausted.

Where cases are selected by care- ful men after complete investigation, a pardon can be granted with no weakening of the law or the force of that support good government. There will be pardons granted in all states occasionally that arouse some portion of the state and may do real damage to law and order. Sometimes the judgment of officials is questioned, many times unfairly, for prudent men take a step toward recommendation of pardon with very great care. Texas cannot justify 100 pardons after the number granted, and Massachusetts will have no stronger laws for the ac- tion of Gov. Fuller in refusing one on Thanksgiving day.

To Make War Impossible

BY, FREDERIC J. HASKIN

Washington, Nov. 20.—Every year when the assembly of the league of nations meets in Geneva, sermons are preached in the Cathedral of Geneva under the auspices of the league; noted divines of various nations be- ing invited to give their messages to the world in a setting and under con- ditions tending to make them most impressive. It was in this cathedral that John Calvin once preached.

At one of the first meetings of the assembly the principal sermon was delivered by the Archbishop of Can- terbury, who took for his text, "Thy Kingdom Come." At the recent meet- ing, an American, the Rev. Dr. Henry Emerson Fosdick, of New York city, was the chief preacher.

Dr. Fosdick's subject was "A Chris- tian Conscience About War," and his central theme was that the con- science of Christianity should express itself in taking practical measures to make war forever impossible. If an- other great war takes place and shakes civilization to its foundations, as it surely would, he said, the 576,000,000 professed Christians of the world will be to blame because they will not have done what they might have done to avert the catastrophe.

A movement has now been started to arouse thoughtful men and women in this country and enlist them in a concerted campaign against war. Dr. Lee, a well known publicist, has taken the initiative by having the Fosdick sermon reprinted and sending it throughout the country with a request for comments and sug- gestions as to how the Christian con- science about war can be given ef- fective expression. Mr. Lee says he will later publish a compilation of such comments and suggestions and seek to bring them to the attention of those having most power to pro- mote the cause of peace.

Whether this is to develop into propaganda seeking to bring the United States into the World Court, or ultimately into the league of nations, is not known in Wash- ington. However, much interest is be- ing manifested in the program that may be evolved. The comment most frequently heard is that it is one thing to say that Christians should take practical measures to make war impossible, and altogether a differ- ent thing to being forward feasible suggestions as to precisely what practical measures can be taken.

Ask Frederic J. Haskin, director of The News Information Bureau, whatever you want to know—health, business, etiquette, a household problem or a national one. Haskin can find out about it. He has the greatest library in the world to draw on, and he can reach the many scientific experts in the employ of the government. He will go to the right source and quote you the authority. Q. How much space does the wire in an ordinary window screen take up? J. E. C.

A. The Bureau of Standards says that considering 16-inch screen with wires .0013 inch in diameter the wire is 33 per cent of the total area.

Q. Is the shape of the negro's foot different from that of the white man's? H. W. B.

A. The Smithsonian Institution says that on the average the heel of the negro is believed to be somewhat broader than that of whites. Accurate determination of this however has, so far as it is aware, never been made. The negro foot is also relatively long and flat.

Q. Are the tires on some automo- biles painted white merely to make them attractive, or is there a prac- tical reason for this? T. S. M.

A. This is done many times for ap- pearance sake, although tires that are black, red or dark colors absorb heat rays which are said to be in- jurious to the rubber. The high so- lar radiation shown by specially pre- pared tire paints has a protective in- fluence.

Q. When were Julia Lathrop, Grace Abbott and Mary Anderson ap- pointed to their positions? S. S.

A. Miss Lathrop was appointed chief of the children's bureau in the year 1912 during the Wilson adminis- tration. Miss Abbott, her successor, was appointed in August 1921, during the Harding administration. Miss Anderson was appointed chief of the woman's bureau Aug. 15, 1919, during the Wilson administration and is still serving.

Q. What is a proteid? D. M. W.

A. A Proteid is a term relating to any one of a class of highly complex compounds containing carbon, hy- drogen, oxygen, nitrogen and sulfur found as viscous solids or in solution in nearly all the solids and liquids of animal and vegetable organisms. Owing to the confusion in the use of the word proteid the International Congress of Physiologists at Heidel- berg in 1907 recommended as a bet- ter term the word protein, which in a sense has not yet obtained univer- sal acceptance.

Q. What is the origin of "Jerusa- lem the Golden"? D. G. T.

A. This great hymn is derived from Long Patrick's "Canaan," a part of the "Contentment" Mundi, one of the seven great hymns of the Latin church.

Q. Can you explain why pork is more indigestible than some other meats? A. R.

6TH WOMAN VICTIM OF "CLUB KILLER"

Attack Woman On Lighted
Street As Volunteers
Patrol City

Toledo, Nov. 20.—With another attack upon a woman by the alleged "club killer" last night, and a man held for questioning today, women residing in the West End of the city were fearful of walking the streets after nightfall.

Police Chief Jennings promised an even greater force of men to cope with the terror tonight.

Mrs. Cora Bachelor, 35, was the latest victim. As the police force, reinforced by 100 railroad detectives and volunteers from the American Legion post, prepared to patrol all sections of the West End, Mrs. Bachelor walking on Colfax st. to the home of a neighbor, was attacked.

The club wielder walked from behind a tree. Mrs. Bachelor cried out, she said, but the manee struck. Only the fact that she had not yielded to the prevailing fashion and bobbed her heavy head of hair saved her from possible death, physicians said. Last night's attack differed from others in that the street was well lighted, not only the street lights being on but porches of all homes being lighted as well. Other attacks have occurred in darkened streets.

This marks the sixth attack upon women here since last May by the "club killer." Two of his victims died.

In the same period the bonded debt of the state's subdivisions had increased from less than \$300,000,000 to more than \$200,000,000.

Regulated into Bankruptcy
"We have come to regard the state," Knight asserted, "as something of an indulgent grandmother who should use public funds to satisfy the experimental whims and fancies of the ever increasing shoals of upstarts who would have the state using the functions of the home and the church and gorgeously welfare all of us into health and virtue, prosperity and happiness and provide us with a hard and crown across the Great Divide."

Private business, he continued, once sacred in Ohio, has become a ward of the state which denies the exercise of that judgment and free dom of decision without which success is almost impossible.

"We have been regulated and in excess," Knight said, "almost into bankruptcy and are being lectured and ordered into an insane asylum. We are a nation of lower and lower, the people free to take care of their selves and work out their own destinies, we have every right curtail ed every endeavor hampered by in creasing taxes wrung out of the people to pay for government activities which are wholly unnecessary, and which are taking from us not only our surplus money but are destroying the initiative and ambition of our people."

Rockland, Pa., Nov. 20.—The second serious air mail crash in the Allegheny mountains with a little more than a month occurred a mile and a half southwest of here today when Air Mail Pilot Kaufman crashed into trees on the mountain side. His plane was demolished, but Kaufman was uninjured.

Flying to Chicago from New York, Kaufman descended to a low altitude preparatory to crossing the Allegheny river at Kennerdell. A dense mist obscured his vision and before he realized how low he was flying, the plane crashed the tall mountain trees and fell.

Recovering from the shock, Pilot Kaufman went to Clarion and notified air mail authorities. His mail was sent to Clarion in a truck. It was met there by a special air mail plane from Cleveland, which continued the cargo on to its destination.

Los Angeles, Nov. 20.—Peggy Udell, motion picture actress, today filed a suit against B. F. Fineman, general manager of the E. B. O. studios, seeking total damages of \$501,000 for alleged attack, false imprisonment, doctor's and attorney's fees and salary losses.

The actress charged she was attacked twice by Fineman in his office, after she called on him with a letter of introduction from a close friend of Fineman in New York.

HILL SETTTLING; THREATENS TO CRUMBLE HOMES

Cleveland, Nov. 20.—Several families have deserted their homes on the northwest rim of the Cuyahoga river valley here near Auburn and West 11th ave., because the hill on which the houses stand, is settling and threatens to crumble the buildings.

Several of the houses have broken loose from their foundations and huge cracks have been made in the concrete bases, threatening to slide the buildings down a 50-foot cliff.

Building inspectors lay the blame to quick sand dumped there, recent rains and decaying rubbish, as the site was formerly a city dump.

QUEEN DEAD

Continued from First page

Queen Alexandra suffered another heart attack today and her condition is now hopeless, as she is rapidly sinking, an official statement issued at 10:30 o'clock this afternoon said.

Physicians are now in constant attendance.

Members of the royal family have been summoned to the sick room. The Princess Royal and the Duke and Duchess of York today left London for Sandringham to be at hand during the last moments of the queen mother.

Cancel Social Functions

King George today informed guests at a hunting party which he had in progress at Sandringham of the seriousness of the dowager queen's illness, and the party immediately dissolved. Prince Arthur of Connaught, who was a member of the party, remained at Sandringham.

Ambassador Houghton called at Marlborough House, the London home of the queen mother, and expressed the hopes of the United States for the recovery of Queen Alexandra.

Social functions in London are being cancelled, all public signs of grief are being suspended, prayers are being said in churches, business houses and theatres are insuring themselves against possible losses due to a period of royal mourning, and all London is prepared for sad news at any moment.

The news of the death of Queen Alexandra may be withheld from the public for some time, as it is the practice to notify all foreign governments, before the news is officially announced in Great Britain.

New York, Nov. 20. — There are no immediate prospects of settling the strike of 15,000 miners of hard coal, as far as the operators can see.
It was made apparent today that this is the sentiment of members of the policy committee of the Anthracite Operators' association, who held a secret meeting here at which the general strike situation was discussed.

Romance of Society
Debutante and Her
"Prince" Has Ended

Washington, Nov. 20.—The romance of Delight Potter Arnold, Washington debutante and "Prince" Rouffalt Bey Marmetoff Hamilton is over.

Maj. Davis A. Arnold shortly will institute court proceedings to annul the marriage of his daughter to the erstwhile New York cabaret dancer. It was said today. Hamilton is in Europe and Arnold has extended courtship to him. The "prince" last was heard of in Cologne, Germany, where it is said he borrowed money from the consul on strength of being the son-in-law of Maj. Arnold, an executive of the Veterans' bureau.

The marriage was over the protest of Arnold, who decided, however, to give the "prince" a "fair chance" because of his daughter's wishes. Miss Arnold now is said to have confided to friends she is "disillusioned" and will not oppose a move by her father to annul the marriage.

Woman Facing Death
For Killing Husband

Elizabethtown, N. Y., Nov. 20.—Mrs. Fannie Soper today faced the prospect of death in the electric chair. She was found guilty of first degree murder of her third husband, William Soper, a deputy sheriff, by a jury which deliberated one hour and forty-five minutes.

The prosecution contended Mrs. Soper shot and killed her husband while he was asleep. Mrs. Soper had asserted a stranger called at their home and that he killed her husband. Mrs. Soper received the verdict without emotion.

LIMIT BROADCAST
STATION PERMITS

Washington, Nov. 20.—Except in unusual instances no more licenses for the operation of radio broadcasting stations will be issued by the department of commerce.

Following recommendations of the national radio conference this action was taken today by Secretary of Commerce Hoover. In some cases the department has agreed to the opening of new stations and considerable investments were made on this assurance. These stations will be granted licenses.

By maintaining this policy until congress passes regulatory legislation it was believed that radio channels will be cleared of interference and that reception will be improved throughout the country.

Students Draw Deep
Sighs of Relief As
Grand Jury Reports

Charleston, W. Va., Nov. 20.—Some Charleston High school students could have been excused today if they drew deep sighs of relief.

The grand jury of the United States district court reported to Judge McClintic that they were returning no indictment against individuals in connection with alleged drunkenness on the part of students on a special train taking Charleston rooters to Logan for a football game two weeks ago.

The report suggested that closer supervision by law and school authorities be enforced on future excursions.

Locomotive Rushes
Water, Saves Town
From Burning Down

Townsend, Del., Nov. 20.—This little town is still on "the map" today due to the timely arrival of a Pennsylvania railroad train from which the locomotive was used to furnish water during a fire which threatened to wipe out the entire city.

Keeping the Farmer's Books

At this time of the year the farmer is turning the efforts of his months of toil into cash. He then starts paying the obligations he has acquired during the cultivating period.

Since his money comes in large amounts it takes careful planning to portion it wisely.

We would suggest that you immediately open a checking account with us as the best way to accomplish this.

It will mean safety for your money as well as an exact record of your expenditures.

Writer Says Hornsby Should Be Honored As Most Valuable Player

By DAVIS J. WALSH

New York, Nov. 20.—The National League announced today that its "most valuable player award" for the season of 1925 would be brought to the light of day on Monday next. No information as to the identity of the awardee, so to speak, was given. No intimation as to his identity is needed.

Rogers Hornsby, successful manager of the St. Louis Cardinals and greatest of the present-day stars, either will get what he is entitled to this time or his pockets are for the exclusive use of handkerchiefs.

A year ago, the committee of baseball writers was constrained to give the prize to "Dizzy" Vance, star right hander of the Brooklyn Dodgers. This action was preordained when a member of the committee, in a moment of abstraction or depression, failed to vote for Hornsby at all in naming his first ten choices. The Cardinals star, thus, was eliminated automatically.

Hornsby Adds To Honors

At the time, however, the attitude of the committee was against naming Vance for the trophy, at that. The votes, in fact, leaned strongly toward Frank Frisch, of the New York Giants, but since Frisch had been but recently exonerated of Jimmy O'Connell's bribery charges, it was deemed expedient to pass the award along elsewhere.

Hornsby, at that moment, had led the National League in hitting for five consecutive seasons. Since then he has added a sixth. This should be sufficient to settle the issue, if any, but there is more. Hornsby not only is a great infielder but one of the baseball's fastest men on the bases, although far from a prolific base stealer. He doesn't have to be with a gent like Bottumley hitting in his immediate rear.

And, since the National League declines to bar player-managers from the competition, we must consider the fact that Hornsby took over the Cardinals in mid-season and turned an absolutely failure into a near-conqueror.

Second Place

At this premature juncture, the most interesting angle of the situation should develop in the competition for second place. There were plenty of so-called valuable players in the National League last year and some of them were good.

The writer has reared quite a complex on Max Carey, the elderly young man of the champion Pirates.

SALEM ACES WILL BE RE-ORGANIZED FOR CAGE SEASON

Games Will Be Scheduled With Top-Notch Teams Of This Vicinity

Plans for the organization again of the Salem Aces, the city's big time basketball team of last year, and for the winner basketball leagues, were made known today by Joe Kelley at the Memorial building.

Kelley is seeking a manager for the Aces as he is playing manager and will have his hands full with the shop league. In case he does not get a business manager, Kelley will act in that capacity again.

All of last year's championship squad will be on deck for the first practice which will be around Dec. 1. In addition Al Sartick, Willie Konert and Buck Lewis of last year's Salem High team will probably be in the squad.

Any topnotch basketball star in the city is eligible to try out for the five. The first practice date will be announced soon and candidates will be urged to turn out then. Among the players of last year expected out are Morris, Rich, John and Al Sartick, Robert, Roebuck, Spencer, Smith, Weaver, Ellsworth, McKeown and Litty.

Games will be scheduled with all important teams in Ohio, Pennsylvania and West Virginia, and Kelley has received offers from Detroit, Buffalo and Ft. Wayne. The teams which are sure to appear on the Aces' schedule are the Canton Travellers, Canton Knights of Columbus, Youngstown Amicus club, Lisbon Nash Motors and the Castle Five of New Castle, Pa.

Kelley has eight teams already lined up for the shop league. He will arrange two circuits if there is a sufficient number, and if not the eight team circuit can be enlarged to 10, 12, 14, or any number clubs.

Any shop, business house, church, organization or lodge may enter a team. All players must be amateurs or have standing satisfactory to the league's managers. Applications for membership in the league should be made at once to Kelley.

The opening of the leagues will be around Dec. 1. The formation of the leagues will be accomplished soon and a schedule will be arranged.

DEMINGS FAIL TO SHAKE NAIL MILL TEAM FROM LEAD

Demings' indoor baseball team was unable to shake the Nail Mill from the lead in the city league last night. Behind Hagan's pitching the Nail Mill triumphed 13 to 3. This Sunday trimming administered the pump laid practically assures the Nail Mill of the title. Although there are several games to be played the balance of the contests are with weaker teams. The game was forfeited to the Salem China Mine when the Victor was unable to place a team on the floor.

He was the writer's idea of the Pirates' real star of the world series. However, there were several other Pirate candidates available, notably Cuyler, Wright and Traynor.

Bottomley also is a plausible young man; Dave Bancroft, as player-manager was not exactly a ball and chain to the progress of the Braves; George Kelly will not draw his unconditional release from the Giants until further notice and one can expect to see Ed Roush in Cincinnati next season. These are a few of the candidates that come, offhand, to mind. There are more.

SPRINGER'S SQUAD MUST FIGHT HARD AGAINST LEETONIA

Reserves Play New Castle As Preliminary to Title Contest.

To add zest to the biggest game of the year, Salem High officials have arranged a preliminary to the Salem-Leetonia clash at Reilly field Saturday afternoon.

In this appetizer proceeding the main course the Salem High Reserves will tackle the New Castle (Pa.) Junior High eleven. This game will start at 1:30 p. m. sharp and quarters will be only 10 minutes each so that the game may be finished before 2:30 when the main battle gets under way.

Probable starting lineups of Salem and Leetonia were made known today by each team. Both lineups will be subject to little change, except for substitutions after the game starts. The only change in the starting list for Salem may be a shift of Talbot to Sweeney's guard and Gregg may start at left half instead of Campbell.

Leetonia, undefeated for two entire seasons, and last year's county champion, will come to Salem as the favorite. This year's record of the Blue and White has not been such a formidable one as last year's but shows nothing but wins, notwithstanding.

In the opening game of the year the Blue took in their Alumni eleven 39 to 0. Leetonia defeated East Palestine, 6 to 0; Salineville 21 to 7; Wellsville 6 to 0; Farrell, Pa., 13 to 0; and Lisbon 7 to 0.

Comparative scores are of little use in football. Salem ran away with Palestine and Wellsville, but lost to Liverpool which team only beat Lisbon 6 to 0 and Leetonia beat Lisbon 7 to 0. The fact that Leetonia has not been beaten in two years stamps the Blue as favorites on that fact alone.

Head Coach Wilbur Springer Friday became a local GI Dobe. The latter person, famed as a gloomy mentor at Cornell, could not be much gloomier than the Red and Black director. Springer has found some touch of overconfidence in the Salem camp, due to the unexpected victory over Akron West last week, and this is the chief cause of his gloom.

Springer today told his men that if they will forget that victory, and smash into Leetonia as the eleven did against Akron, things will be fine Saturday. "It's all up to the team; they have got to fight to win. If they do fight their best we can hope that things will turn out all right," said the coach.

On the other hand Leetonia has assumed an attitude of utmost confidence. Coach Ray Whinnery, Salem High alumnus, is positive his team will trim Salem and take home another county championship, the second in two years. Only a Salem victory can strip Leetonia from claiming another title, for a win here would give the Blue four county victories, not counting Salineville, while East Liverpool, now claiming the title, has won but three games.

Salem and Leetonia will have evenly matched teams as to weight. Salem's starting lineup will average about 147 pounds and Leetonia between 145 and 156 pounds. Substitutes of both teams average up well. Excepting the Wellsville and East Palestine games, Salem had to face a disadvantage in weight and a flint on equal terms will be something new for the big Red outfit.

Coach Whinnery said he will bring

22 players to Salem and they will arrive just after noon Saturday. The data on the players and the probable starting lineup follows:

Columbus—Ohio farmers will not produce so many turkeys this year, according to C. V. Truax, state agricultural director. Uncertainty of the market, the hazards of raising young turkeys and the cold storage system have killed the enthusiasm of the Ohio farmer who used to furnish so many turkeys each year.

RECORD CROWD TO SEE RED GRANGE

Nearly 80,000 Expected At Ohio-State Illinois Game Saturday.

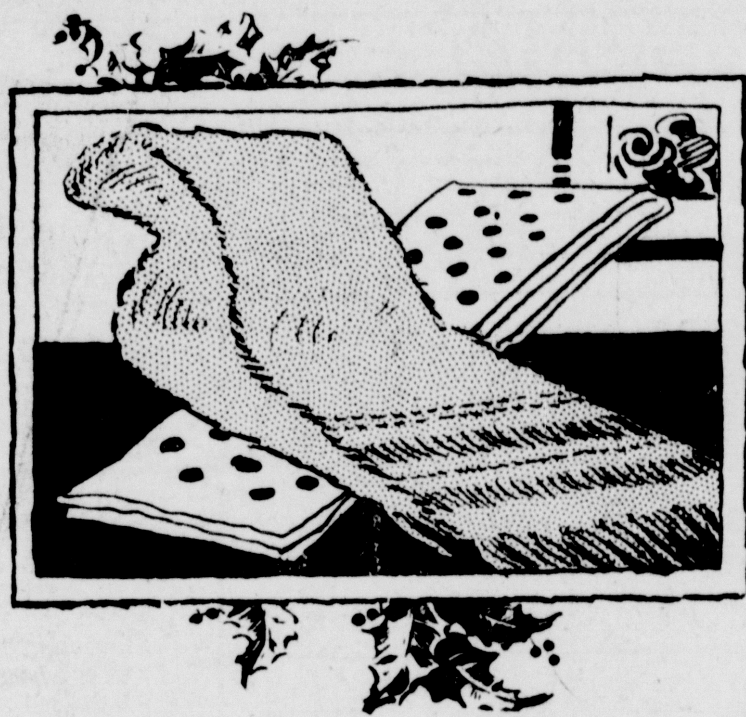

Columbus, Nov. 20.—Headed by Grantland Rice, the most brilliant array of feature writers and sports scribes that ever gathered here, will cover the game Saturday between Ohio State and Illinois.

From New York to California, and from the Gulf coast to the Canadian line, sporting editors will flock to witness the passing of "Red" Grange from college football.

Saturday's attendance may also set a new record in the Big Ten Conference. H. D. Taylor, supervisor of ticket sales at Ohio State university, announced today that 68,000 tickets had been sold and that 10,000 general admission seats will be put on sale Saturday. This, with 2,000 ushers, will raise the total attendance to 80,000, a new figure for Big Ten Conference attendance.

The previous Big Ten Conference attendance record was set in 1923 at the dedication of the Ohio State stadium when 71,500 persons gathered to see the Michigan game.

Let the Jewett itself tell you what in cold type sounds unbelievable

Thrilling! Different! Amazing! Of what value is it to describe Jewett Coach performance in such words as these, when, to those who have never had actual experience with this car, they must sound like wild exaggeration?

It is hard to understand how, in an automobile at Jewett Coach's price (now only \$1245), it is possible to outdistance other cars famous for their speed, outclimb cars that have won distinction on countless hills, outpull cars noted for power and ruggedness.

Jewett Is First—Everywhere

Yet these seemingly unbelievable things are being done every day by Jewett Coaches. Done, not by specially tuned up "stunt" cars, but as part of the regular day's work of privately owned Jewetts.

For in this great car 17 years of Jewett experience have built a motor and a chassis that fear comparison with nothing on the road for ability, reliability and sturdiness. It is difficult to believe, as you put Jewett

Coach over all kinds of going, that you are driving a very moderately priced automobile!

Nor is the superiority of this sedan-built Coach limited to its power, speed and stamina. It stands alone today as the roomiest automobile of its type in the world, and one of the most attractive.

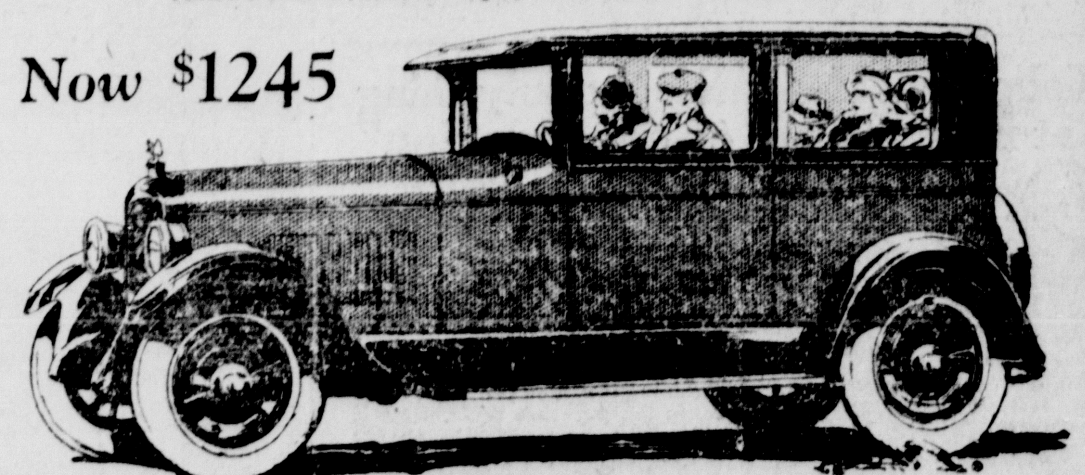

Actually more body room than many big sedans! More entrance space than any other coach. Plenty of space to enter or leave the rear without discommodating those in front. Wide, comfortable seats that invite you to ride at ease. And a body that is solidly built for real service, plus a finish of permanence and beauty.

Let the Jewett Speak for Itself

Accept an urgent invitation to put all we have said about this car to a test. Jewett Coach is its own best salesman. Let it answer your questions by actual performance. Drive as far and as fast as you care to—then tell us if we have been guilty of a single over statement!

BARTHELMESS AT STATE

Richard Barthelmess, his wife, Mary Hay, from whom he is now estranged, and their daughter, little Mary Hay Barthelmess, have the chief roles in the first National production of "New Toys" which opens Friday night at the State. The story, by the way, is said to be practically the same as what has turned out to be Richard's and Mary's real life.

Barthelmess plays his first comedy role in several years. He is seen as the husband whose wife encouraged by a former suitor, tries to seek fame on the stage. The husband meets a girl to whom he used to be engaged and she is responsible for additional disturbances in the troubled household.

Miss Hay has an ideal role for her re-appearance on the screen, as her special forte is light comedy. She also dances so that motion picture fame will get a glimpse of the Mary Hay who is so popular with Broadway musical comedy patrons.

In the cast is Clifton Webb, a dancer and comedian, who is at present Mary Hay's dancing partner in "Sunny," the Marilyn Miller musical comedy now playing on Broadway.

"Kellogg's ALL-BRAN is the only thing that relieved me of constipation"

Beware of the dangerous diseases which are constipation's toll.

Constipation is dreaded, not only for its insidious self, but for the serious diseases which may be traced to it. Mr. Palludon tells us the helpful story of his relief:

Doing hard work while constipated brought on piles, from which I suffered for two years. I tried almost every remedy without success. Finally I tried Kellogg's ALL-BRAN, and it has made me well again. It is the only thing that helped me and I want everybody to know about it.

(Signed) JOHN PALLUDON, Clementon, N. Y.

regularly. Two tablespoonfuls daily, or in chronic cases, with every meal. Doctors recommend ALL-BRAN. It is nature's own way of cleaning the intestine. It is a bulk food which sweeps the system of constipation's poisons and stimulates normal, healthy action.

Kellogg's ALL-BRAN is guaranteed to be permanently effective, if eaten regularly, or your grocer returns the purchase price. Eat it with milk, cream, fruits, or try the recipes printed on the package. Made in Battle Creek, Michigan. Served in leading hotels and restaurants. Your grocer sells it.

Malaichi Werren, the unknown heirs, unknown executors, legatees and assigns, next of kin, spouses and assigns of said Malaichi Werren, the Salem Iron & Coal Co., whose places of residence are unknown, P. J. Brennan and Mary Brennan, whose place of residence is unknown, will take notice that on the 15th day of October, 1925, Homer C. Hilliard filed his certain petition in the court of common pleas of Columbiana county, Ohio, in case No. 112,

against the above named parties and others praying that a mortgage executed by John Hilliard and Reba Hilliard, his wife, on August 6, 1898, to Malaichi Werren for \$8,248.46, which mortgage deed was given to secure three promissory notes of even date with said mortgage, one for \$2,749.00 due in one year; one for \$2,749.00 due in two years; and one for \$2,750.46 due in three years, with interest on each of said notes at the rate of 10 per cent per annum payable annually. Said mortgage was recorded in Volume 57, page 916 of the Columbiana county, Ohio, mortgage records and was secured upon the following described premises:

Situated in the township of Perry, county of Columbiana, state of Ohio, and known as and being a part of the southeast quarter of section No. 8, township No. 15, range No. 3, beginning at a post in the middle of Franklin Square road on the north line of said quarter 41 links east of a stone at the northwest corner of said quarter; thence east 38 chains 45 links to the north east corner of said quarter; thence south 34 degrees west 3 chains 75 links to a stone; thence west 4 chains and 26 links; thence south 48 degrees west 7 chains 88 links; 76 degrees east 8 chains and 7 links; thence south 13 degrees west 18 chains and 78 links to a stone in the middle of the Franklin Square road; thence along the middle of said road north 44 degrees 25 seconds west 16 chains and 56 links; thence north 58 degrees west 12 chains and 64 links; thence north 35 degrees 20 seconds west 12 chains and 69 links to the place of beginning, containing 62.55 acres of land.

Said mortgage and discharge upon the records, and upon failure to do so that the order of this court shall operate as a cancellation of the same and that plaintiff's title be quieted and that the defendant Malaichi Werren, and the unknown heirs, the unknown executors, administrators, legatees and assigns, in spouses and assigns of said Malaichi Werren be forever barred from all claims in said premises.

SECOND—That Joshua Hilliard on the 12th day of May, 1869, entered into an agreement with Joel Sharp, John Baker and Amos Rank in trust for the Salem Prospecting company, which agreement is recorded in record of leases volume 1, page 625, for all coal, iron ore and minerals under the farm or tract of land in Perry township, Columbiana county, Ohio, described as follows:

Bounded north by lands of Levi Straley, east by township line road, south and west by road leading from Salem to Franklin Square, except widow's dower of 20 acres, leaving 88 acres. Search for coal to be made within two years. Failure to do so, after two years rental of \$50 a year to be paid. Failure to pay said rental shall work a full and complete forfeiture of this lease and render the same null and void.

That said agreement and lease was thereafter assigned to the Salem Coal & Iron company on January 12, 1871, by said Joel Sharp, John Baker and Amos Rank, trustees for the Salem Prospecting company. That said the Salem Coal & Iron company has failed to perform the terms and conditions of said agreement, to mine and prospect for coal and that it has abandoned for a period of more than 50 years, all rights thereunder and plaintiff prays for an order of the court directing the cancellation of said lease and barring said defendant, the Salem Coal & Iron company, its successors and assigns, known or unknown, forever from claiming or asserting any right, title or interest in or to said premises or any part thereof.

THIRD—That Arthur Hilliard and Lydia A. Hilliard, his wife, on the 4th day of May, 1908, entered into an agreement and lease with M. J. Buck, which was recorded, October 2, 1908, in volume 12, page 26, of the lease records of Columbiana county, Ohio, for all the coal in and under the following land:

Situated in the township of Perry, county of Columbiana and state of Ohio, bounded and described as follows: Being a part of the southeast quarter of section 8, township 15, range No. 3, being the same land described in deed from Charles Hilliard et al to Arthur Hilliard, dated Jan. 27, 1900, recorded in volume 244, page 469. Failure to mine under said lease for one year, second party to pay annual rental of 20c per acre, and other rights.

Said lease was transferred and assigned to the Buck Coal company on Nov. 4, 1908, and thereafter P. J. Brennan and Mary Brennan acquired some interest therein which is unknown to this plaintiff and is not a matter of record. That the said the Buck Coal company, P. J. Brennan and Mary Brennan have failed to perform the terms and conditions of said agreement, to mine said coal and that they have for a period of more than 15 years, abandoned all rights thereunder, and plaintiff prays for an order of the court directing the cancellation of said lease and barring the defendant the Buck Coal company, P. J. Brennan and Mary Brennan, their heirs, executors, administrators or assigns known or unknown, forever from claiming or asserting any right, title or interest in or to said premises or any part thereof.

Said parties are required to answer on or before the 15th day of December, 1925, or judgment will be taken against them as prayed for in said petition.

over his plan, whereby Mickey Walker and Tommy Milligan, of England, are to meet for the welterweight title, Dec. 2, with the profits to be split equally between the boxers and the local Christmas fund.

This plan was made necessary by the fact that a recent commission ruling calls for promoters of all charity shows to turn over 50 per cent of the proceeds to the beneficiary. Under these conditions, it was deemed impossible to obtain the services of prominent boxers. Therefore, Rickard decided to run the Walker-Milligan bout as a private enterprise; with the Christmas fund a silent partner.

If sanction to the plan is granted, it is likely that Jimmy Goodrich and Louis Vincentini will be signed this afternoon to meet in a lightweight championship match on the same card.

Grange, who will make no statement as to his plans after Saturday, will lead the Illini in their final against the Buckeyes. It was announced today.

"We would rather Grange would not play professional football for his own good," Coach Robert Zupke said.

"but we have no control over his private affairs."

Zupke denied that Grange owed anything to the "sporting world."

"Grange is no more bound to parade his private affairs than any other person," declared Zupke.

According to a teammate who saw Grange last night, Red termed all late stories of persons who had "seen his contract" as "hear" stories and announced that it was all news to him.

BARTHELMISS AT STATE

Richard Barthelmess, his wife, Mary Hay, from whom he is now estranged, and their daughter, little Mary Hay Barthelmess, have the chief roles in the first National production of "New Toys" which opens Friday night at the State. The story, by the way, is said to be practically the same as what has turned out to be Richard's and Mary's real life.

Barthelmess plays his first comedy role in several years. He is seen as the husband whose wife encouraged by a former suitor, tries to seek fame on the stage. The husband meets a girl to whom he is engaged and she is responsible for additional disturbances in the troubled household.

Miss Hay has an ideal role for her re-appearance on the screen, as her special forte is light comedy. She also dances so that motion picture fans will get a glimpse of the Mary Hay who is so popular with Broadway musical comedy patrons.

In the cast is Clifton Webb, a dancer and comedian, who is at present Mary Hay's dancing partner in "Sunny," the Marilyn Miller musical comedy now playing on Broadway.

"Kellogg's ALL-BRAN is the only thing that relieved me of constipation"

Beware of the dangerous diseases which are constipation's toll.

Constipation is dreaded, not only for its insidious self, but for the serious diseases which may be traced to it. Mr. Palladon tells us the helpful story of his relief:

Doing hard work while constipated brought on piles, from which I suffered for two years. I tried almost every remedy without success. Finally I tried Kellogg's ALL-BRAN and it has made me fit again. It is the only thing that helped me and I want everybody to know about it.

(Signed) JOHN PALLADON, Clementon, N. Y.

You can get sure, prompt, permanent relief from constipation. Simply eat Kellogg's ALL-BRAN

regularly. Two tablespoonfuls daily, or in chronic cases, with every meal. Doctors recommend ALL-BRAN. It is nature's own way of cleaning the intestine. It is a bulk food which sweeps the system of constipation's poisons and stimulates normal, healthy action.

Kellogg's ALL-BRAN is guaranteed to be permanently effective, if eaten regularly, or your grocer returns the purchase price. Eat it with milk, cream, fruits, or try the recipes printed on the package. Made in Battle Creek, Michigan. Served in leading hotels and restaurants. Your grocer sells it.

NOTICE

Malachi Werren, the unknown heirs, unknown executors, administrators, legatees, next of kin, spouses and assigns of said Malachi Werren, the Salem Iron & Coal Co., whose places of residence are unknown, do hereby give notice that on the 15th day of October, 1925, Homer C. Hilliard filed his certain petition in the court of common pleas of Columbiana county, Ohio, in case No. 112, against the above named parties and others, praying that a mortgage executed by John Hilliard and Reba Hilliard, his wife, on August 6, 1858, to Malachi Werren for \$8,248.46, which mortgage deed was given to secure three promissory notes of even date with said mortgage, one for \$2,749.00 due in one year; one for \$2,749.00 due in two years; and one for \$2,750.46 due in three years, with interest on each of said notes at the rate of 10 per cent per annum payable annually. Said mortgage was recorded in volume 57, page 316 of the Columbiana county, Ohio, mortgage records and was secured upon the following described premises:

Situated in the township of Perry, county of Columbiana, state of Ohio, and known as and being a part of the southeast quarter of section No. 8, township No. 15, range No. 2, beginning at a post in the middle of Franklin Square road on the north line of said quarter 41 links east of a stone at the northwest corner of said quarter; thence east 38 chains 45 links to the north east corner of said quarter; thence south 24 degrees west 3 chains 75 links to a stone; thence west 4 chains and 25 links; thence south 48 degrees west 7 chains 88 links; 70 degrees east 8 chains and 7 links; thence south 12 degrees west 18 chains and 78 links to a stone in the middle of the Franklin Square road; thence along the middle of said road north 44 degrees 25 seconds west 16 chains and 55 links; thence north 58 degrees west 12 chains and 64 links; thence north 27 degrees 50 seconds west 12 chains and 69 links to the place of beginning, containing 52.56 acres of land.

BEFORE, and discharged upon the records, and upon failure to do so that the order of this court shall operate as a cancellation of the same and that plaintiff's title be quieted and that the defendant Malachi Werren, and the unknown heirs, the unknown executors, administrators, legatees and next of kin, spouses and assigns of said Malachi Werren be forever barred from all claims on said premises.

SECOND.—That Joshua Hilliard on the 12th day of May, 1869, entered into an agreement with Joel Sharp, John Baker and Amos Rank in trust for the Salem Prospecting company, which agreement is recorded in record of leases volume 1, page 625, for all coal, iron ore and minerals under the farm or tract of land in Perry township, Columbiana county, Ohio, described as follows:

Bounded north by lands of Levi Straley, east by township line road, south and west by road leading from Salem to Franklin Square, except widow's dower of 20 acres, leaving 88 acres. Search for coal to be made within two years. Failure to do so, after two years rental of \$50 a year to be paid. Failure to pay said rental "shall work a full and complete forfeiture of this lease and render the same null and void."

THIRD.—That Arthur Hilliard and Lydia A. Hilliard, his wife, on the 4th day of May, 1908, entered into an agreement and lease with M. J. Buck, who was recorded October 9, 1908, in volume 12, page 26, of the lease records of Columbiana county, Ohio, for all the coal in and under the following land:

Situated in the township of Perry, county of Columbiana and state of Ohio, bounded and described as follows: "Being a part of the southeast quarter of section 8, township 15, range No. 2, being the same land described in deed from Charles Hilliard et al to Arthur Hilliard, dated Jan. 27, 1900, recorded in volume 244, page 469. Failure to mine under said lease for one year, second party to pay annual rental of 50¢ per acre, and other rights."

Said lease was transferred and assigned to the Buck Coal company on Nov. 4, 1908, and thereafter P. J. Brennan and Mary Brennan acquired some interest therein which is unknown to this plaintiff, and is not a matter of record. That the said Buck Coal company, P. J. Brennan and Mary Brennan have failed to perform the terms and conditions of said agreement, to mine said coal and that they have for a period of more than 15 years, abandoned all rights thereunder, and plaintiff prays for an order of the court directing the cancellation of said lease and barring the defendant the Buck Coal company, P. J. Brennan and Mary Brennan, their heirs, executors, administrators, assigns, known or unknown, forever from claiming or asserting any right, title or interest in or to said premises or any part thereof.

Said parties are required to answer on or before the 15th day of December, 1925, or judgment will be taken against them as prayed for in said petition.

FREE COLLECTION CASE IS APPEALED

Clerks of Mahoning County Seek Fees In Naturalization Cases.

Columbus, Nov. 20.—The state supreme court today had under consideration the request that it decide whether clerks of common pleas courts in Ohio have a legal right to retain one-half of the fees they collect in naturalization cases, or whether the money belongs to the county.

The supreme court has been asked to reverse the decree of the Mahoning county appellate court, which ruled that J. Arthur Ferris, Jesse G. Francis and Hugh Swainey, former clerks of the Mahoning county common pleas court, were not entitled to \$4,350.50, \$3,310 and \$393, respectively. These amounts, representing one-half of fees collected in naturalization cases, it was held in a ruling by the state bureau of public inspection and accounting, belong to Mahoning county in view of the Ohio law abolishing the fee system in public offices and despite the act of legislation authorizing these clerks to retain this money.

LISBON AWARDED GERMAN TROPHY

Lisbon will receive the captured 150-millimeter German field piece awarded as a World War memorial for Columbiana county.

This was the decision of the county council of the American Legion, at a lengthy session in the headquarters of East Liverpool post.

Three municipalities—East Liverpool, Salem and Lisbon—sought the memorial. Unable to reach an agreement, lots were chosen, the county seat town winning over East Liverpool and Salem. Delegates from the Lisbon post have not decided where

the memorial will be located, but intimated that it will be placed in the village square if permission can be obtained from the county commissioners.

The session of the county organization was called by representatives of the East Liverpool Legion post after announcement from the adjutant general's department at Columbus that location of the trophies, awarded one to each county, would rest with the American Legion. Four posts were represented at the meeting—East Liverpool, Salem, Lisbon and Wells-ville. The delegates of the Wells-ville post retired from the meeting before the fight over the location of the memorial developed.

FIRST COURSE FOR DINNER

In former years a formal dinner was always started with a soup course. Nowadays you may start with soup—a light, clear soup, never a heavy one—or you may, with equal propriety, commence with fruit or fish cocktails or canapés. This first course should be an appetite whetter, not a satiation. It should be highly seasoned. Raw oysters and clams, grapefruit, melons, and fruit cocktails all have their place in some portions of the country. The meat course—although, generally speaking, unless it be a fish salad, it should come after the meat course.

TODAY'S RECIPES

Grape Toast—Heat a can of seeded grapes and thicken slightly with cornstarch. Pour over hot toast. Serve at once. Any kind of canned berries may be used in this way.

Fruit Sponge Pie—One cup sugar, four tablespoons flour, one pint fruit well drained, two eggs, one-half cup milk. Mix sugar and flour together, add yolk of two beaten eggs, add fruit and milk; mix well. Put in unbaked pie crust and bake slowly 30 minutes. Will have a top like sponge cake and nice fruit filling. Pineapple or strawberries may be used. A cup of cranberries chopped and scattered in pan with apples and plenty of sugar and little water makes a nice combination.

White Cake—One cup sugar, three-eighths cup butter, one and one-half teaspoons baking powder, one and one-half cups flour, whites two eggs, one-half cup milk, one-half teaspoon vanilla.

Pineapple Filling—Cream one-eighth cup milk, one and one-half cups sugar, add one teaspoon lemon juice and one tablespoon small pieces of pineapple; add one teaspoon melted butter; spread between cake with pineapple pieces pressed into icing. A few tablespoons pineapple is enough.

Baked Lima Beans—Soak dry beans overnight. Place in a baking dish with plenty of water. Add one cup strained tomato, three tablespoons brown sugar, salt to taste, add liberal amount of butter and bake slowly until done. New lima beans are fine this way. The lima beans, potatoes and apples of the dinner are oven cooked.

SUGGESTIONS

If you really want to have an attractive as well as a sanitary kitchen.

Take Burden Out Of Dishwashing

What woman hasn't at some time felt that she would rather go without dinner than have to look forward to washing the dishes?

It is not necessary to feel this way nowadays. The Bureau of Home Economics has studied this problem and worked out a method which is so simple and so quick that while dishwashing may still not be a joy, it is at least no longer a burden.

This information, together with a great many other labor-saving suggestions, is contained in the booklet "Helps to Housewives." This pamphlet is available to any reader of this newspaper who will send a two-cent stamp for return postage and will fill in the attached coupon. Be sure to write your name and address plainly.

LATEST IN STYLE FOR WOMEN

Paris, Nov. 20.—The "Vamp" frock is the latest creation of a Paris designer which promises to have a place in every smart collection for the winter. It is not the daring frock one might surmise from its name, doing away with all conventionalities and modest pretensions, but has a certain style about it that puts it quite out of the ordinary class.

The "Vamp" frock comes for afternoon as well as evening wear. One for fashionable tea-time is made of brown chiffon velvet hand-dyed with a shimmering design like a leopard skin and slightly dropped in one side to set off the figure in the very best manner.

This, of course, is where the vamping comes in. The whole beauty of the frock comes from this cut and the material. One of the most attractive vamp costumes was seen recently at the Longchamps races and consisted of all black in cloth with a neat black hat to match with a mere touch of

gold leather as on the costume. Black stockings and shoes made the whole ensemble more striking still.

Mme. Davidson is showing a vamp coat which is quite the most distinctive seen this season, combining the utility of the general wear coat with the classic beauty of the Greek mantle and true Paris chic. It comes in a brown diagonal wool mixture and is bordered with red leather and tiny gold braid. A curious scarf-caps arrangement starts in front and has a large arm hole letting it fall over the back in graceful folds. It is lined with red leather also. A black velvet vamp frock in this collection has red chiffon sleeves, long to the wrist and over it a three-quarter length velvet coat flared at the sides and lined with red.

CRYSTAL BLOCK COAL

FUEL THAT GOES FARTHER

Seven tons of our best coal will heat the average two-story house all winter in place of nine or ten tons of ordinary fuel.

Some folks call it the "lazy man's fuel" because you only have to fire your furnace once in the morning and once in the evening—and clean out the ash pit once a week.

Use this coal and you'll have a warm house all the time—but no soot nor clinkers—and the wife will never need to touch the furnace.

CHRYSLER DOUBLES PLANT PRODUCTION

The production division of the Chrysler Corporation, in order to keep pace with the increasing demand, achieved a success during the summer and fall months which has come very close to setting a new record in manufacturing annuals in the automobile industry.

To have built two cars within 30 days time, where only one was built before, is an achievement performed by the Chrysler manufacturing department under the direction of W. Ledyard Mitchell, vice president in charge of manufacturing.

This was made possible by the most careful coordination of all the phases of production.

Doubling the production was more than merely a problem of quantity. The increase in output was coincident with the introduction of 12 new body types.

To Amend Petitions

Leave to file amended petitions in two automobile damage cases pending in common pleas court, wherein John McIntosh is plaintiff, was granted against Margaret Pitts, and seeking \$10,055 damages for personal injuries as a result of automobile accident.

C. E. Brook is also plaintiff in an action against the same defendant, but who in his petition claims \$10,277.50 damages.

Jury Is Waived

A jury was waived and there was a trial to the court, Judge James G. Moore, presiding, in the case of A. P. Vonderau and Joseph Voight against George Wheeler wherein the plaintiffs sought a judgment against the defendant for work and labor performed in the construction of a garage. The court rendered judgment for the plaintiffs for \$260 and taxed the costs in the action against Wheeler. The amount sued for was claimed as balance due on the contract assumed by the plaintiffs.

Unusual Court Situation

Believing it would be logic to call for trial first the strongest of two actions against the same defendant a jury was sworn and the case of John McIntosh against Margaret Pitts was heard for trial before Judge John B. Worley in common pleas court No. 2. In this case, which was an action to recover \$10,055 damages as a result of an automobile accident, McIntosh was a passenger in a car driven by C. E. Brook. After the testimony had been submitted and the jury locked in its room, a jury

was called to hear the testimony in the case of Brook against the same defendant. In this action \$10,277.50 damages was sought.

The second case had not proceeded very far when the jury in the first action announced it was ready to report. An unusual situation then arose, as neither counsel for the plaintiff or defendant nor the court thought it wise for the jury in the case then on trial to know the verdict of the jury that heard the first case. However the verdict was handed to the court then made known to counsel, and which was in favor of the defendant. In a few seconds the case then on trial was dismissed on motion of the plaintiff, and the jury then in the box was dismissed. The costs in the action have been taxed against the plaintiff.

The jury that heard the testimony in the McIntosh action took but one ballot and this was for the defendant.
